Professional Summary

Focused and versatile Visual Designer with an eye for detail and hands-on technical training. Oversees and executes on detail-oriented challenges while learning quickly and staying true to project vision. Seeking to leverage academic knowledge with recent design experience and technical aptitude for a progressive user interface design challenge.

Work Experience

FREELANCE VISUAL DESIGNER

Creative Circle | Remote | 2019 - Present

- Engage a diverse client base to create visual designs which meet set requirements and specifications. Provide graphics and support desired content accurately and efficiently.
- Work in Partnership with team members to lead strategy meetings, identify design parameters, and test product concepts.
- Produce and deliver daily updates/reports on project status and ultimately deliver product prototypes.

JUNIOR INTERIOR DESIGNER

Biltmore Design Galleria | Fairfax, VA | 2017-Present

- Support senior designers with design concepts, showroom displays, and in-home projects. Maintain critical documentation for project budgets, billing, purchases, and marketing activities.
- Migrated hard copy client files into an electronic hosting service, giving all employees 24/7 access.
- Researched and implemented business management software, trained employees on efficient utilization, and realized a significant improvement in project communication and overall timeline completion.

UI/UX INTERN

Prifina | Remote | 2019

- Collaborated with intern program participants to support project lifecycle, from conception to final hand-off, including gathering and evaluating user requirements, and assisting in the execution of all visual design stages.

INTERN AMBASSADOR

Korea Innovation Center | Vienna, VA | 2016

- Coordinated with start-up project teams from Korea to perform market research and requirement gathering, complete 25+ B2B & B2C interviews, and employ a get-out-of-building technique strategy for start-up business development in support of a feasibility study.

Education

CAREER FOUNDRY

Certificate in UI/UX Design, 2019

GEORGE MASON UNIVERSITY

B.S. in Management Information System, 2010-2017
